DETAILED ACTION

1. Claims 36-41 and 43 are pending in this application.

Response to Amendment

2. Applicant's amendment filed 04/23/2007 in response to the previous Office Action (01/22/2007) is acknowledged. Rejection of claims 38-41, 43-44 and 46 under 35 U.S.C. § 102 (b) (item 3) and the double patenting rejections (items 4-6) has been obviated. Even though applicant's amendment overcomes the rejections raised in previous Office Action, said amendment also introduces new issue that needs further rejection.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 38-39, 41 and 43 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The proviso "provided that the compound ...piperazine" lacks description. Even a negative limitation requires description, *Ex Parte Grasselli*, 231 USPQ 393.

Allowable Subject Matter

4. Claims 36-37 and 40 are allowed.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
